

Why Choose Falk™ Quadrive™ Shaft Mount Reducers?

KEY ADVANTAGES

In-Stock Availability — Quadrive units are stocked across all sizes and ratios, ensuring fast delivery and minimal downtime.

Heavy-Duty Design — Built for rugged environments like cement, aggregate, mining, and pulp & paper.

TA Bushing System — Quick to install and remove, protects shafts from damage and downtime, with a *lifetime removal guarantee*.

Superior Engineering — Large tapered roller bearings and wide face gearing for longer life; grease-purgeable seals reduce contamination and extend bearing life.

Cost Savings — Shorter shaft requirements reduce material and load, longer bearing life means fewer replacements and less downtime.

APPLICATION VERSATILITY

Incline Belt Conveyors

Industries: Aggregate, Cement, Coal, Copper, Wood Products

Applications: Overland Conveyors, Radial Stackers, Batch Plants

Screw Conveyors

Industries: Agriculture, Food Processing, Wastewater

Applications: Grain Handling, Mixing, Sludging, Dewatering
