

PT Select Mounted Spherical Roller Bearings

Scan this bearing

to try out the Augment app and engage in 3D viewing.

Additional features & benefits:

- State-of-the-art housing design
- Industry-standard dimensions
- Rugged metal retainer
- Shaft-ready and pre-lubricated
- Backed by our Rexnord one-year warranty and optional two-year warranty through registration on Rexnord.com

Proven Bearing Quality

Designed with specialized geometry that provides low operating temperatures and reduced vibration, along with premium ingress protection and high speed sealing options. Every PT Select bearing is spin tested under load prior to shipment, and is backed by a two-year warranty*.

Total Cost of Ownership

PT Select is a cost effective, high quality off-the-shelf bearing designed around the characteristics that customers value most.

Valuable Expertise

Rexnord has been designing and manufacturing high quality products for more than 125 years and is committed to innovating solutions that meet the needs of the customers and industries it serves, now and in the future.

**Two-year warranty requires registration of the bearing at Rexnord.com*
