

TRAINING  
OPPORTUNITY

# REGAL REXNORD™ OFF-CAMPUS FALK SCHOOL

HANDS-ON GEAR & POWER TRANSMISSION  
PRODUCT MAINTENANCE SCHOOL FOCUSED  
ON YOUR NEEDS

Training at **YOUR** facility – for **YOUR**  
Millwrights, Mechanics, Planners and Supervisors

Regal Rexnord Falk School takes the training on the road with a three-day focused course designed to provide your maintenance teams with a basic understanding of the fundamentals of assembly and disassembly on the gear drives within your plant.

The school provides a unique, hands-on opportunity for maintenance professionals to learn from exceptional instructors with vast field experience. Using step by step instructions, our instructors make maintaining gearboxes and other power transmission products simple. The hands-on instruction and practice will give your maintenance teams the confidence in knowing how to apply the knowledge to increase reliability of your products and avoid unscheduled outages.

## BENEFITS OF AN OFF-CAMPUS SCHOOL AT YOUR FACILITY

- No travel for your team
- Experienced instructors can walk through your facility to help review problem areas and potential solutions
- Training can be customized to the products in your facility
- Training focused on the issues that keep your maintenance teams up at night

## WHAT WILL YOUR MAINTENANCE TEAMS LEARN?

- Installation and maintenance procedures for power transmission components products used within your facility (gear drives, couplings, bearings, universal shaft joints, etc.)
- Proper procedures for disassembly and assembly of gear drives
- Bearing adjustment to obtain proper float or preload specifications
- Bevel gearing assembly techniques to optimize contact and life
- Tips to enhance gearbox reliability through continuous monitoring
- Troubleshooting techniques for problem applications and basic failure analysis

## DAILY SCHEDULE

Sessions run from 8:00 am to 4:30 pm daily, with sessions on the 3rd day ending at noon. The schedule can be customized to fit your needs (expanded or compressed). In addition, we can schedule back-to-back schools to get 2 schools completed in one week, for 24 team members.

### How to Request a School at Your Facility:

Contact your local Regal Rexnord Sales Support Team or email [regalrexnordU@regalrexnord.com](mailto:regalrexnordU@regalrexnord.com)

## TRANSPORTATION, LODGING AND MEALS

Attendees will be asked to make their own travel and lodging accommodations. Plant management will be asked to coordinate meals and beverages as appropriate for both attendees and instructors.

## CLASS SIZE

The school is designed for a small classroom environment to optimize personalized, one-on-one learning opportunities for maintenance professionals. Therefore, class size is limited to 12. We can coordinate two back-to-back schools for a total of 24 team members with increased costs, if needed.

## TESTIMONIALS

From a large steel producer's recent attendees:

*"Great job bringing the training to Kentucky"*

*"Enjoyed the class and hands on experience"*

*"Very friendly, easy going and knowledgeable instructors"*

*"Great course and very informational"*

*"Thanks for training 24 of our maintenance team during this one week training"*

*"We have rebuilt this type of unit before but did not understand the critical nature of bearing adjustment"*

*\*If the school is cancelled within two weeks of the start of the session, a cancellation fee of 50% of the total fees will apply, unless you reschedule for a future school within the calendar year.*
