

Why Choose Rexnord?

When it comes to providing highly engineered products that improve productivity and efficiency for industrial applications worldwide, Rexnord is the most reliable in the industry. Our commitment to customer satisfaction and superior value extends to every area of our business.

Delivering Lowest Total Cost of Ownership

The highest quality products are designed to help prevent equipment downtime, increase productivity and deliver dependable operation.

Valuable Expertise

An extensive product offering is accompanied by global sales specialists, customer service and maintenance support teams, available anytime.

Solutions to Enhance Ease of Doing Business

Our commitment to operational excellence means you benefit from getting the right products to the right place at the right time.

Exceeding Customer Expectations in the Wastewater Treatment Industry

Our Partnership

Rexnord and partners solve problems, offer superior products to wastewater treatment plants and increase market share. This partnership translates to less downtime and more productivity throughout the wastewater industry.

Featured Application: The Wastewater Treatment Industry

A global leader in electronics and electrical engineering was in need of a cost-effective chain solution for one of its customers in a wastewater treatment application. The environment is known for being hostile and corrosive. A timely solution was critical.

Rexnord delivered quickly with a consultative, customized solution — based on more than 120 years of experience. With a breadth of best practices, the solution was on target. With access to Rexnord's robust product line, experts advised the client on the right grade of product to solve the problem. The toughest, most appropriate chain and materials were chosen, featuring proven rust resistance. To provide the greatest cost savings and convenience possible to the end user, Rexnord sourced the materials in close proximity of the client, translating to faster service and lower delivery costs for the customer.

Rexnord Offerings

Planetgear™

- Self-aligning planetary gear trains
- Withstand tough environments of the wastewater treatment industry, including:
 - Shock loads
 - Frequent reversals
 - Moisture
 - Abrasion

Ultramite® Gearmotor Drives

- Positive torque trans without corrosion
- Offers energy efficiency over worm gear drives
- Quick availability
- NEMA/IEC compatibility plus drop-in replacement feature
- Wide range of sizes, ratios and types
- Modular approach

UltraMax®

- Delivers the performance of a parallel shaft gear drive with the economy of a gear motor
- Offers:
 - Outstanding design, durability, minimal failure
 - Easy maintenance and overall efficiency
 - Use in high torque applications
 - Compact design

SHURLOK® Bearings

- Maximize uptime
- Minimize changeover time
- Attacks the two primary causes of bearing failure:
 - Improper mounting to the shaft
 - Contamination due to inadequate sealing
- Sealing solutions fit any application — including under water

Couplings

- 80 years of coupling manufacturing experience
- Broad line and selection
- Manufactured for quality, reliability and easy maintenance

Chain and Conveying Equipment

- From one of the most experienced chain and conveying equipment manufacturers in the world
- High-quality, reliable chain and conveying equipment
- Trouble-free performance

Process & Motion Control Products & Solutions For Your Business

- Bearing
- Coupling
- Gear
- Industrial Chain
- Conveying Equipment
- FlatTop
- Product Services

Industries Served

- Wastewater
- Forest Products
- Aggregate
- Food & Grain
- Cement
- Primary Metals
- Power Generation
